EDITOR'S NOTEBOOK

Dear Archie Readers,

Well, guys, the Holidays are almost here. What better time than now to give the gift of comics? That sounded just like a commercial, didn't it? Anyway, by the time you read this column, you may be desperate to do some last minute shopping. If you're having trouble coming up with ideas, here are some suggestions:

ARCHIE'S CHRISTMAS STOCKING #2 (1994 Edition). This book is on sale now and comes with a FREE pull-out 1995 ARCHIE Calendar. In this issue JINGLES returns for his annual mischievous appearance. This year he's into computer gifts for Archie and his friends. Does it work out?....I don't think so. Whoever you give this issue to, will love you forever.

PRINCESS SALLY - 3 ISSUE MINI-SERIES. If you've been following the adventures of SONIC THE HEDGEHOG then you're familiar with the heroic Freedom Fightin' squirrel Princess Sally. There's a new enemy lurking in the shadows on the planet MOBIUS. Who or what is it? What about SONIC? What about the FREEDOM FIGHTERS? Where's ROBOTNIK? Why all these questions? Order the entire mini-series today. Look for the Princess Sally Mini-series ad in Archie titles on sale this month.

On behalf of the entire Archie Comics' staff, I'd like to wish everyone a very happy and safe Holiday Season.

Putting out the fire juggler wasn't on Mickey and Minnie's hot list.

Mickey and Minnie must tame the lion before they become the mane course.

MICKEY AND MINNIE HAVE NEVER FACED A MYSTERY THIS BIG.

"A date at the circus, I can't wait!" says Minnie to Mickey. But when they get there all the performers have disappeared! "We've got to find the villain who did this!" says Mickey.

So off they go, wearing magical costumes that give them powers to make it through six levels of frozen tundras, haunted houses and more. Can they really bring the circus back to town?

"Come along and see!" exclaims Mickey.

It's safari, so good, as Mickey and Minnie outrun a turtle in the jungle.

MAKO SHARKS

The Mako is just one of the 350 species of sharks. This shark is one of the few sharks considered dangerous to man. It can reach a length of twelve feet and is the fastest shark. Makos are found throughout the world's tropical oceans. They have pointed snouts, dark eyes and non-serrated teeth. Makos are dark blue on top and have a white underside. The horizontally flattened keel at the base of the tail is thought to be related to the shark's speed. The Mako can jump up to twenty feet in the air, and has been known to jump into boats when caught!

## "ACME ANIMATION FACTORY" TURNS CARTOON WORLD ON ITS EAR!

by **Howmuchdoes A. Hemmingway**

is it the most massive mix-up in Looney Tunes history? Or have a million masters of animation suddenly surfaced? The answer can be found in new **Looney Tunes Acme Animation Factory**. It lets anyone create their own Looney Tunes cartoon adventures! Sources at Sunsoft, makers of the **Acme Animation Factory** game for Super NES, confirm that new Looney Tunes cartoon animators are suddenly springing up from coast to coast. This development has fueled speculation that **Acme Animation Factory** is more than an ordinary video game. It appears to be something so new and different, it's unlike anything ever seen.

In an exclusive, undercover investigation, this reporter has learned that **Acme Animation Factory** gives you the ability to design, paint and animate just like a professional.

So you can create Looney Tunes cartoon adventures on your Super NES — and save them to watch at any time. You'll choose from a full menu of scenes and characters, or even draw your own. Plus, you can color your creation any way you want, then add titles and create musical! It even gives you the choice of using a controller or the Nintendo mouse. Looney Tunes spokesperson, Bugs Bunny refused to comment at this time. However, Taz did
